Build Your Own Math Problems - Fun Paper Cut Outs

A Math practice activity with a twist!

Directions: Cut out the numbers and symbols below and use them to create your own math problems. This sheet contains all of the parts necessary to do horizontal or vertical problems as well as fractions and inequalities. If you need more numbers feel free to print it twice!

0	1	2	3	4	5
6	7	8	9	0	1
2	3	4	5	6	7
8	9	+	-	x	÷
=	/	>	<	—
